The programme outcomes, programme specific outcomes and course outcomes of the current syllabus are well defined and clear for delivery of the programme.

73 responses

The current content of syllabus is fulfilling the programme and course outcomes and is sufficient to bridge the gap between Social Work and Academics.

73 responses

The course is well organized (e.g. teaching hours, Credit Points and the sequence of the courses in the curriculum).

73 responses

Emphasis on fundamentals, coverage of modern/advanced topics, good balance between theory and application.

73 responses

Evaluation schemes designed for each of the course are sufficient for providing proper assessment.

73 responses

The course/ syllabus has good balance between theoretical concepts of syllabus and Practical/Experiments.

73 responses

The syllabus is covering inculcation of the aspects of life skills, transferable skills, cross cutting issues, gender equality, environment and sustainability, human rights and social security.

73 responses

Current syllabus tries to build the opportunities in terms of Cognitive Learning, employability and entrepreneurial attitude amongst the students.

73 responses

The books/ reference materials prescribed are relevant, updated and appropriate.

73 responses

The course/syllabus helps in updating knowledge and students perspective towards the subject.

Dhanwate National College Nagpur
 Teacher's Feedback 2023-24
 Action Taken Report 2023-24

Feedback	Action Taken	Impact
Theoretical knowledge should be more than practical/activities in subjects	While practical activities reinforce learning, we prioritize theoretical knowledge as the foundation. Our curriculum emphasizes theoretical instruction, with practical activities as complementary. This approach ensures students build a strong conceptual framework before applying their knowledge, leading to a deeper and more comprehensive understanding.	Prioritizing theoretical knowledge has deepened students' conceptual understanding, enhancing their ability to apply learning in practical scenarios. This balanced approach improves critical thinking, problem-solving skills, and overall comprehension, better preparing students for academic and real-world success.
Use online tools like animated videos and virtual labs to help students grasp concepts.	To enhance understanding of complex concepts, we've integrated videos and Online Teaching Tools into our teaching. These tools offer engaging visuals and interactive experiences, simplifying difficult topics and providing hands-on practice in a simulated environment, helping students grasp theoretical knowledge more effectively.	The use of Videos and Online Teaching tools has enhanced student engagement and comprehension, leading to improved understanding, retention, and application of complex theoretical concepts.

 Alumni's Feedback 2023-24
 Action Taken Report 2023-24

Feedback	Action Taken	Impact
NEP implementation needs more focused.	We have adopted a focused approach to NEP implementation by aligning our curriculum, emphasizing experiential learning, fostering critical thinking, and conducting regular teacher training and monitoring for continuous improvement.	The focused approach to NEP implementation has led to enhanced student engagement, critical thinking, and deeper learning. Aligning the curriculum and prioritizing experiential learning better prepare students prepared for real-world challenges. Regular teacher training ensures consistent delivery of quality education, fostering overall academic growth and improvement.
Arrange some Alumni Program for providing the Degree	We organized an Alumni Program for degree distribution, offering graduates a chance to reconnect, receive their degrees, and engage in networking while celebrating academic achievements.	The Alumni Program strengthened connections between graduates and the institution, fostering a sense of community and pride. It provided graduates with a platform for networking, sharing experiences, and celebrating their academic achievements, leading to increased alumni engagement and support for the institution's future initiatives.

Program is helping participants to transform themselves from students to capable workforce.

We greatly value the collaboration between industry and academia. To better prepare students for the evolving job market, we suggest incorporating more practical learning opportunities such as internships, industry projects, and skill development workshops into the curriculum. Aligning academic programs with current industry needs will help bridge the skill gap and enhance employability.
