**ONLINE STUDENT SATISFACTION SURVEY (SSS)
ON
TEACHING, LEARNING AND EVALUATION
SESSION 2021-2022 (FOR UG AND PG STUDENTS)**

Based on the provided responses from 744 participants in the Student Satisfaction Survey for the session 2021-2022 at Dhanwate National College, Nagpur, here are some observations and suggestions to improve the overall teaching-learning experience at the institution:

Observations:

1. **Positive Faculty Support:** Many students appreciated the faculty members and teaching staff for being supportive and helpful in resolving doubts and queries.
2. **Interactive Teaching Methodology:** Some students expressed the need for a change in teaching methods to make them more interactive and engaging.
3. **Library Resources:** Few students mentioned that the collection of books in the library could be improved.
4. **Campus Facilities:** One respondent mentioned the need for better campus facilities.
5. **Editorial Discussions:** Some students suggested discussing editorials from leading newspapers in the classroom, which can enhance critical thinking and current affairs knowledge.
6. **Regular Classes:** A few students pointed out that some teachers were not taking classes regularly, which can impact the learning experience.

Suggestions:

- 1) **Interactive Teaching Techniques:** Encourage teachers to incorporate more interactive teaching techniques such as group discussions, debates, and hands-on activities to promote student engagement and participation.
- 2) **Library Enhancement:** Work on improving the collection of books and resources in the library to meet the academic and research needs of the students.
- 3) **Campus Infrastructure:** Address any concerns related to campus facilities and ensure that the infrastructure supports a conducive learning environment.
- 4) **Regular Attendance:** Ensure that all teachers maintain regular attendance and adhere to the scheduled teaching hours.
- 5) **Newspaper Editorials:** Consider integrating discussions on relevant newspaper editorials in the classroom to enhance students' critical thinking and awareness of current affairs.
- 6) **Teaching Training:** Provide professional development opportunities for faculty members to upgrade their teaching skills and adopt effective teaching practices.

- 7) **Online Resources:** Explore the possibility of providing free access to e-books, digital resources, and online study materials to supplement the learning process.
- 8) **Student Feedback Mechanism:** Establish a structured feedback system that allows students to share their opinions and suggestions regularly, enabling the institution to make continuous improvements.
- 9) **Support for Aspiring Students:** Offer guidance and support for students interested in competitive exams or higher studies to help them navigate their career paths effectively.
- 10) **Inclusive and Supportive Environment:** Foster an inclusive and supportive environment that encourages students to express their ideas and opinions freely, promoting overall growth and development.

It is essential for the college administration and faculty to carefully review these observations and suggestions, along with the detailed survey data, to prioritize and implement appropriate changes that would enhance the teaching-learning experience for students. Continuous efforts towards improvement based on feedback will contribute to the overall growth and success of the institution.

Teacher

The overall quality of teaching - learning process in your institute is very good

First things that Teacher's are not Teaching Properly, Teacher's Should must be Interested to teaching, Make some Rules that all the Students also come in College to attend the classes, If the Students not coming and Teacher's are also not present in Class, Effect the Interest of Students to Come to college and Doing studies. That's what College needs to Do something.
